INVITATION TO ALEXANDRIA BUSINESS MEN

The Mayor and all City officials, Including Members of City Council and Board of Aldermen, Chamber of Commerce, Retail Merchants' Association and Other Business Men are Invited to Visit Plant of Washington Steel & Ordnance Company Tomorrow.

The Gazette has been commissioned by the Washington Steel & Ordnance Company to extend an earnest invitation to the city officials, members of the Common Council and Board of Aldermen, Chamber of Commerce, Retail Merchants' Association and other business men of Alexandria to visit and make an inspection of its big plant at Giesboro Point tomorrow as guests of the Company. The invitation is hereby given in this public manner, by the Gazette, in order that no one is overlooked.

The steamer Atlantic will be sent down to the city tomorrow to convey the company of gentlemen over to the steel plant and after the visit of inspection has been made, they will be brought back again by the steamer. As above stated, the party will go as guests of the Washington Steel & Ordnance Company, which will take care of the expense of the entire affair, and it is hoped that the courtesy of the company will be duly appreciated and the invitation accepted by all invited.

The object of the trip is to give to the business men of Alexandria an intelligent idea of the magnitude and importance of the business the steel company is engaged in, and the plan of a personal inspection was happily decided upon as the most practical manner in which it might be accomplished.

The Washington Steel & Ordnance Company is not in need of cash with which to carry on its business. It has ample capital. What it does want is the co-operation of the people of Alexandria in helping it to house and care for the additional number of men which it is trying to get to take care of its rapidly increasing business.

Steamer Will Leave From the Cameron Street Wharf at 2.30 P. M.

The steamer will leave from the Cameron street wharf at 2.30 tomorrow afternoon. Remember the time and place and be on hand.

As a matter of information, concerning one of our local industries, the trip will be worth the time of every business man in the city, from the mayor down.

TO SAFEGUARD CITIES.

Red Cross Providing Money to Prevent the Spread of Disease.

Washington, Sept. 17.—Appropriations to establish Red Cross Sanitary Units for the protection of health in districts surrounding four more army cantonments were announced today by the Red Cross War Council. Twelve cities have now requested the co-operation of the Red Cross in taking measures to prevent the spread of disease or epidemics, and in making the communities surrounding the camps safe for the soldiers. The total amount now appropriated to begin this work is $106,000.

The four latest cities to receive Red Cross aid in sanitation are: Newport News, Va., Ayer, Mass., Atlanta, Ga., and Chillicothe, Ohio.

At Newport News large shipyards and an aviation school make the protection of the health of the inhabitants particularly important. To begin the work here, $21,000 has been set aside.

Three public health nurses have been assigned to Ayer, Mass., for which $5,000 is provided. They will work with the Massachusetts State Health Department, which has already established a very efficient organization, for taking sanitary measures around the cantonment nearby.

Eradication of malaria--bearing mosquitoes will be one of the problems of the unit which will operate around Camp Gordon, at Atlanta.

This unit has an appropriation of $14,000.

The twelfth unit is designed for Chillicothe, Ohio, and will assign a bacteriologist to work in cooperation with the Ohio State Board of Health. The appropriation here is $10,000.

All these Sanitary Units of the Red Cross are to be placed at the disposal of the Public Health Service and State and County health authorities. Under their direction they will assist in the sanitation of districts around cantonments and army communities.

Cities previously designated are Little Rock, Ark, Louisville, Ky., Des Moines, Ia., Leavenworth, Kan., Hattiesburg, Miss., Petersburg, Va., Anniston, Ala., and Columbia, S. C.

MAY NOT HAVE QUOTA READY

District and Local Boards Working Night and Day to Complete Their Task.

In all probability, Virginia will not be able to send her full quota of 40 per cent on the second call to the colors of men for the new National Army, which has been issued for next Wednesday. This condition has been brought about by the claims for exemption by men in the back counties, especially Accomac and Northampton.

Just what percentage will go forward to Camp Lee between the 19th and the 24th, the period alloted for reporting, is giving the Adjutant-General's office grave concern. On Friday it was thought that only 25 per cent would be available, but reports from the various local boards throughout the State Saturday indicated that from 33 to 35 per cent of the quota would go to the training camp. Virginia's full quota will, however, be on hand when the last call is issued.

Prince George County still presents a most perplexing problem, because of its quota of 560 men, 450 either gave fictitious names or false addresses. At all events, they cannot be found, though the Department of Justice agents are looking for them, and it will be necessary for the local board to provide alternates for the missing men.

ILLICIT STILL WITHIN CITY.

Complete Whisky Manufacturing Plant Discovered on Small Island in Middle of Dan River.

Danville, Va., Sept. 17.—An anonymous letter received by the chief of police Saturday resulted in the discovery of an illicit still within the city limits carefully set up and concealed on a small island in the middle of Dan River. Hidden by reeds and undergrowth, officers who rowed out to the little spit of land, found the plant and destroyed it. Recent high water had swamped the still and much sand and dirt was found about it. The copper ware was destroyed and thrown into the river, and the worm, composed mostly of spare parts from a railway locomotive, was taken as a curiosity to police headquarters.

Swedes Fear Hunger.

Scandinavian representatives here —particulraly the Swedes—declared today that the new prohibition on wheat export will bring their nations to the brink of starvation. The Swedes declared that their nation will be the first to feel the pinch of famine.

The pupils of St. Mary's Catholic Sunday school were given an outing to Mount Ida yesterda yafternoon. They also visited the St. Asaph military camp.

The drafted men who were ordered to report here this morning by the Alexandria county and city draft board arrived here on time. They were ordered to report again tomorrow afternoon at half-past five o'clock for roll call. It is expected that they will leave the city Wednesday morning on the 9:17 train for Petersburg, Va.

Miss Esther Kuhn, of this city, and Mr. Frank T. Cain, formerly of Indianapolis, Ind., were quietly married Sunday morning, September 16th by Rev. Father Kelly, of St. Mary's Catholic Church. Miss Esther Rosenblot was the bride's only attendant, and Mr Chester Kuhn, brother of the bride, acted as best man. Later Mr. and Mrs. Cain left for New York and will be at home to their friends after October 1st, at 1252 E street, N. E. Washington, D. C.

Mr. S. G. Leoffler, of Washington, will have the management of the old Alexandria hospital building on Wolfe street, which has been leased as previously stated in the Gazette, and will be opened as a boarding house. It will be vacated by the hospital authorities this week and as soon as the necessary repairs and changes have been made will be ready for boarders. Mr. Leoffler is said to be a man of experience as a boarding house manager.

Alexandria was visited by a distinguished party of foreigners yesterday afternoon who came over from Washington to see some of the historic places about the city. The party included Sir Cecil Arthur Spring-Rice, the British Ambassador; the Viscount and Viscountess Reading; Colonel E. D. Swinton Assistant Secretary of the British War Cabinet; Hon. J. M. Keynes, of the British Treasury Department; Brigadier General James D. McLachlan, Military Attache to the British Embassy at Washington, and Hon. Gerard A. Schade von Westrum, of Holland, who recently arrived in this country from Hague. They were shown through the church and grounds by Vestryman William D. Wood and all evinced much interest in the place.

GOOD ROAD AT LAST.

Chopawamsic Swamp Conquered by Army of Picks, Shovels and Steam Rollers.

Chopawamsic swamp, insofar as it relates to motor travel between the National Capital and Richmond, is no more. What probably was America's most infamous barrier to automobile touring surrendered to General Road Builder and an army of picks, shovels and steam rollers last week.

This news comes authentically from officials of the A. A. A. District of Columbia Club, which for nearly three years has worked to provide motorists with a travelable road between Washington and the Virginia metropolis.

Today the trip to the southern city may be made minus many of the dangers and much of the discomfort which formerly made it one of frightfulness.

According to A. A. A officials who made an inspection trip over the route last week, the ride is not entirely without its trials, these being in the shape of numerous chuck-holes and some very uneven highway between Occoquan village and Dumfries. There is about two miles of this bad road, the club men report, which, however, calls only for slow driving in wet weather. A new road through this section is now in course of construction, and to this work will be applied the A. A. A. road funds not used in the swamps work. The new road should be completed in about four months.

Notice.

There will be a called meeting of the A. H. S. Alumni Association, Tuesday evening, Sept. 18, 1917, at 7 p. m., in the High School building. All graduates of the High School are urged to be present.

Mr. John W. May will leave today for Atlantic City where he goes as a delegate from the Chamber of Commerce of this city to the meetig to be held there this week of the United States Chamber of Commerce, which opens today and continues until Friday.

Rosh Hashanah, the Jewish New Year, recognized as one of the most prominent events on the Hebrew calendar, was ushered in with appropriate services by Bethel Congregation in their synagogue on north Washington street in this city last evening at sunset. Rabbi Henry J. Berkowitz, of Cincinnati, Ohio, preached an excellent sermon, the music by the choir was appropriate and well rendered and the services most inspiring. Another service was held this morning at ten o'clock.

An interesting incident has come to light concerning the Red Cross work. Out in the locality known as Happy Valley, a few miles from this city, a number of little people got up an entertainment from which they obtained ten dollars in cash. After deliberating as to what they should do with the money they finally decided and have turned the money over to the Alexandria Red Cross and asked to have it spent for the benefit of the men of the Alexandria Light Infantry. That is certainly a patriotic example worthy of following by some of the older people. The names of the youngsters are: Ruth, Effie and Marie St. Clair, Alverda, Marion, Clarence and Arthur Shaffer, Mary Davies, Jean Richardson and Mildred Moore.

Mr. and Mrs. George Peverill and daughter, of 426 south Lee street, have gone to Meshoppen, Pa., to visit relatives.

Mrs. Charles Tennyson, who has been quite ill at the home of her mother, Mrs. Geo. Marshall, has returned to her home in Washington.

The Alexandria Chapter of the Red Cross will hold a special meeting tomorrow morning at the Chamber of Commerce at 10 o'clock to make arrangements for knitting materials.

The Elks will hold a euchre party at their home on Prince street Thursday night at 8:30. They expect to hold one each Thursday night during the fall and winter according to present plans.

J. E. Daniels, who resides in the Linconia, Fairfax county, neighborhood, says he has a stalk of corn which, by actual measurement, is 17 feet high. He says he has others, the dimensions of which have not been taken, which will exceed this.

The board of police commissioners will hold its regular monthly meeting for September on Wednesday night of this week when a policeman will probably be appointed to take the place of Raymond W. Smith who has resigned. Several applications have been made for the place, it is stated.

The members of the class of 1917 of the Alexandria High School, have called a "get together" meeting for tomorrow evening at 8 o'clock at the High school building for the purpose of taking action to form an alumni association. The call for the meeting was sent out by former president Elwin Brawner. It is hoped that all interested will be present.

The body of Laurence C. Leadbeater will be brought to this city today from Birmingham, Alabama, and the funeral held from the home of his mother, Mrs. Edward S. Lead- afternoon at half-past three o'clock. The services will be conducted by the Rev. W. J. Morton, rector of Christ church, assisted by the Rev. Berryman Green, D. D., of the Episcopal Theological Seminary. Announcement of the death of Mr. Leadbeater, which occurred at his home in the city of Birmingham on Saturday morning, was made in Saturday's Gazette. A committee from Alexandria Washington Masonic lodge was appointed to attend the funeral.

Six more boats are under construction and will be launched as rapidly as completed.

ANTI-GERMAN RIOTING.

"Kino" Party of German Society in Geneva Given Rude Reception by Crowd of Men and Boys.

Geneva, Sept. 17.—A "kino" party, arranged by the German Society of Geneva, has led to new serious anti-German riots. During the performance, at which films from the German fronts in Flanders and before Verdun were shown a mob of several thousand shouting men and boys assembled before the theater and began to smash the windows of the building. A police detachment that attempted to clear the streets was quickly put to flight.

The most serious disorder began when the Germans commenced to leave the theater shortly before midnight. A shower of bricks and cobblestones greeted them, and water was poured on them from the neighboring buildings. The mob yelled, "Kill the dirty Boches!" while a band from a nearby concert hall played the 'Marseillaise."

Woman Raps President.

Hartford, Conn., Sept. 17.—Charging that President Wilson had been insulted by a woman speaker at a meeting here last night of the local branch of the People's Council of America for Democracy and Peace one of the auditors precipitated a riot, when, shaking his fist at the woman, he started toward the platform, demanding a retraction. Only the arrival of the police quelled the disturbance.

Mrs. Annie R. Hale, the woman speaker, and Alfred E. Whitehead, chairman of the local council, were arrested, thus abrutly ending the meeting. Charged with breach of the peace, the woman and Whitehead were held under bond of $500 each.

The statement of Mrs. Hale to which some of her hearers took exception was her criticism of the President, the war, conscription, and the act of the United States in sending troops to Europe "to fight Germany because of a belief that fifty years hence Germany might make war on this country."

STRUCK BY MOTORCYCLE.

David Pettit Seriously Injured Yesterday Afternoon Near This City.

Yesterday afternoon while David Pettit and Stephen Macauley were walking towards this city near the Poor House an autocycle, operated by Clarence Campbell, which was going north, struck Mr. Pettit, knocking him down. He was placed in an automobile which came along at the time and conveyed to his home, where he was later attended by Doctors Yates and Delaney. They found that he was seriously injured on one of his legs, the knee cap having suffered mostly.

Orders were received yesterday by Captain Johnson of Company G. to hold his men under orders to proceed to Fairfax Court House, or elsewhere, if needed, to protect the colored man, Wm. H. Burgess, who is expected to be brought there from Richmond for trial tomorrow for an alleged assault of two white women on August 24th. Word received says that Burgess was indicted today.

It will be remembered that Burgess was arrested and placed in the Alexandria county jail and later removed to Richmond for safe keeping.

If called upon Captain Johnson will take fifty picked men with him to perform such duty as may be necessary to preserve order.

FOREIGN-BORN ELEMENT.

Movement to Stimuate Acquisition of the English Language and Inspiring Allegiance.

Washington, Sept. 17.—War Americanization is a significant feature of the third "America First" Campaign announced by the Department of the Interior, Bureau of Education. Thi unique plan is already being worked out in New York City by an official of the National Committee of One Hundred, which is associated with the bureau as advisory council on Americanization. In that city the appeal for War Americanization met with such an enthusiastic response that, upon the suggestion of the Mayor's Defense Committee, the Board of Education appropriated $78,000 to carry out the plan.

The national scheme has been in process of formulation for several months and has been carefully worked out in consultation with federal officials, representatives of national oragnizations and school authorities. Details will be announced in a few days.

The aim of the third campaign will be directed toward stimulating the acquisition of the English language by all immigrants and toward inspiring a genuine allegiance to the United States on the part of all citizens. To render effective aid, the committee has opened headquarters in Washington from which it is establishing contact wit hnational orgaiations and officials. Already leading chambers of commerce, several large cities, and a number of patriotic and fraternal organizations, representing several million members are negotiating with the bureau for the purpose of entering into the campaign according to specifications outlined in official circulars.

Climbs Pole and High Voltage Kills And Hurls Him.

Scranton, Pa., Sept. 17.—While playing around the D. and H. tracks with seevral companions, 12 year old Geo. Alexander was dared by his playmates to climb a pole carrying high voltage electric wires.

On reaching the top he grasped a wire and was instantly killed, his body being hurled to the ground. The wires carried 2300 volts.

Flyer Drops to Death.

Camp Borden, Ont., Sept. 17.—After flying in his airplane to a great height with the Royal Flying Corps at Camp Borden, Flight Cadet Whetrick, of Buffalo, New York, was killed when his engine refused to work as he was descending from a height of 150 feet and his plane plunged to the ground.

SYNOD OF VIRGINIA.

Body Will Meet in the Second Presbyterian Church on the 23d of October.

As has heretofore been stated, the Synod of Virginia will meet in Alexandria this year, the first time since 1877. The body will assemble in the Second Presbyterian Church.

Synchronus with the meeting of the Synod the one-hundredth anniversary of the establishment of the Second Presbyterian Church in Alexandria will be celebrated with appropriate services.

Arrangements for entertaining the members of the Synod are now in progress. A meeting of the various committees will be held in the Westminster Building on Thursday night.

EIGHT SUNDAY 'DRUNKS'

Six Forfeit Their Collateral by Failing to Appear in the Police Court This Morning.

The Mapp law has signally failed to prevent drunkenness in Alexandria, especially on Saturday nights and Sundays. This is shown by the number of cases of "drunks" found on the docket of the Police Court on Mondays. Eight of such cases were on the blotter this morning. Six forfeited their deposits by failing to appear, one had the additional charge of assault alleged against him and he was found $20, and the other, a soldier from St. Asaph, was dismissed as the commandant at that post will inflict punishment upon the delinquent for overstaying his time in this city.

Joe Adams, a well-known negro, who has at times for years been a patron of the Police Court, was charged with violating the prohibition law. Joe was in a house on south Alfred street, near Wilkes, on Saturday night. Eight negroes were in the house, some playing cards when the Sergeant Wilkinson and Officer Snelling entered. Joe, who is not an inmate of the house started up stairs when he heard the sergeant's voice, and the officer proceeded close behind him. The negro was apparently preparing to lie on a bed when the sergeant entered. The latter found three bottles, two containing a pint while were under the bedding, and another pint bottle, about one third full, was discovered behind a trunk. Joe gave evidence of having recently taken a drink. Adams and the others in the house at the time (a small percentage of whom live there) were brought before the Court this morning. It was a knownothing gathering. Joe denied being the owner of the liquor, and all the others averred that they knew nothing of its whereabouts until the officer found it.

While there was every reason to suppose liquor was being dispensed in the place, in the absence of positive evidence the accused was dismissed.

MAY AID STRIKERS

Central Trades and Labor Council Meeting Called in Richmond.

It was announced in Richmond last week that meeting of the Central Trades and Labor Council would be held Saturday night to consider the strike of the girls employed in the Southern Manufacturing Company on the Southside. Mora and financial support will be voted it is said. Howard T. Colvin issued a lengthy statement defining the position of the girls.

It was reported that in order to rush its government contracts the baking powder company moved into its packing department a number of stenographers from the central office. As soon as this was done, according to an announcement made by Mr. Colvin, four union men who had been at work in the mechanical department, presumably in charge of the machinery walked out.

Attorney Charles Bendheim, official conciliator of the United States department of labor, who has been assigned by the government to the task of settling the strike at the plant, is "up against it."

Conciliator Bendheim has been investigating the cause and conditions, but to this hour he has failed to conciliate. The further he delves into the situation the more difficult the solution of the problem appears.

POPULACE SENT AWAY

Inhabitants of Roulders Are Also Forced to Quit Homes.

Amsterdam, Sept. 17.—According to the Handelsblad, the population of the Belgian city of Roulders, behind the German front, has been removed, and the transportation of the inhabitants at Ostend has been begun. The newspaper says 2,000 persons have departed from Courtrai, and that many Belgians have been forced to work on the defenses of Tourcoing.

Washington, Sept. 17.—This dispatch is in line with advices received on September 4 from Hazebrouck, northern France, by the semi-official French news agency that western Flanders was being evacuated by the Germans as far as the Courtrai-Thourout line.

TO VISIT THE STEEL PLANT.

As will be seen elsewhere in the Gazette, Alexandrians will be afforded an opportunity tomorrow to visit the plant of the Washinton Steel and Ordnance Company at Geisboro Point, nearly opposite Alexandria. E. A. Lyeett, chief of the employment department of the plant, will be the chaperone, and the trip will be made on the new ferry steamer "Atlantic," which the company recently purchased in Baltimore to transport such of their workmen who reside in Alexandria. The steamer will leave here at 2:30 p .m., from the Cameron street wharf.

Invitations have been given to city officials, representative business men and others, all of whom will be intensely interested in the modus operandi at the plant. The Alexandrians will be the guests of the company, the latter being desirous that our people inspect the works and realize the great benefit which will naturally accrue to our city if arrangements now in progress to house several hundred men here can be carried out to the satisfaction of all concerned.

We hope there will be a generous response to this kind and courteous invitation from the officials of the steel plant, as it means much to Alexandria. Our merchants, even if they are pressed for time, as most of them are in these strenuous days, should lay aside counting room cares for a few hours and inspect the great plant which is situated so near our city.

Proffers have come to us from these people. They realize that Alexandria is the ideal place in which to place their overflow, and every inducement should be offered in order that material additions may be made to our population. Many strangers have already arrived here and more are coming. We should make their acquaintance as soon as possible and give them a hearty Old Dominion welcome.

About a third of a century ago a manufacturing plant was started in Alexandria. Northern men were at its head, and one of the company was met one day by another man born north of Mason and Dixon's line. The latter asked the manufacturer, "Are you not afraid to come down here among Johny Rebs?" The newcomer replied, 'If those I've met are representatives of that class I'll only say I'd like to meet more of them."

POOR AGE FOR KINGS.

As a writer in the Boston Globe says, this is a poor era for kings. Who would have guessed, a year ago, that Nicholas Romanoff would be dating his letter "somewhere in Siberia?" A railroad ticket to Tobolsk is an improvement on the axe with which the English expunged Charles I in the Seventeeth Century, and on the guillotine with which the French dismissed Louis XIV in the Eighteenth Century. Either the Twentieth Century is learning to dethrone its monarchs humanely, or the Russian people are gentler than their Western cousins.

To the ancient Greeks the fall of a king was tragic. To Americans it is comic. The picture of a king hanging his crown on the hatrack of private life, and putting his scepter in the umbrella stand of political impotence is one that we peculiarly relish.

Kings hire themselves. The people "fire them." For this France holds the record. In fifty-five years between 1815 and 1870, the French auctioned off no less than four. Napoleon in 1815, Charles X in 1830 Louis Philippe in 1848 and Napoleon III in 1870.

Even as recently as 1910, England was the asylum of a deposed king when Portugal wearied of paying for the expensive upkeep of Manuel II. He fled to the arms of his uncle, the old Duke of Orleans. Bourbon pretender to the throne of France and the London Tory papers sentimentalized over him extensively.

Since 1900 crowns have been slipping off royal pates with encouraging frequency. In 1909, Abdul Hamid II was petitioned into involuntary bankruptcy as a sultan by the young Turks and packed off to Saloniko. What has become of him since the war began no one seems to know, and few to care.

His neighbor, King Constantine, of Greece, was given his discharge June 2 of the present year, though the Kaiser, who has a strong family prejudice in favor of kings keeping their jobs, has promised to restore him to the throne of Greece.

Since China "went republican" we have had, within the last month, a spectacle of the Manchu emperor "popping out of a box and popping in again." The status of the boy emperor is the amusing one of an emperor theoretically from a foreign country on a visit to China with an allowance of a few odd millions on condition that he remain a tame king in the political back yard.

The last king to be dismissed from American soil was Dom Pedro, of Brazil, deposed in 1889, but so pleasantly that, as he was sent aobard the steamer to Portugal, his Brazilian friends pelted him with flowers.

Kings are being jostled aside because they on longer fit the modern ideas.

FUTILE "PEACE" PROFFER

Whatever the reply of the central powers to the vatican peace proposals may be, the vague forecasts indicate that the demands of President Wilson are not included. As is suggested by the Richmond Journal. This pleasant piece of fiction, however, is said to be incorporated: "Regarding the exchange of occupied territories, arbitration, disarmament and similar proposals, declarations are made which testify to the idealism of the central powers and their sincere desire for a peace which will insure happiness to all nations." In respect to the restoration of Belgium, "conciliatory declarations" are said to be offered. In regard to the settlement of the Balkan question and Poland, the language is similarly obscure and unsatisfactory.

Not "beware the Greeks carrying gifts," but beware the Germans proffering peace or even hinting at it are further observations of our contemporary. According to the state department the peace trick is a sort of confidence game, by means of which your Uncle Sam's war activities are to be halted so that when the real tug comes the United States will not be ready to do her share of the pulling. The idea that Germany is on the eve of making great concessions is being assiduously promulgated; America is expected to swallow it without blinking, and when the notion has been well digested her preparations toward a state of armed belligerency will insensibly diminish and her enthusiasm for fighting wane.

WHEN REAL PEACE COMES.

When the real peace comes at last, next year, or twenty years hence, if it is our destiny to triumph, little will be said in the conditions about boundaries or compensations suggsts a contemporary Democracy can fight only for its own preservation. Territorial aggrandizement monetary indemnification, special trade privilege, the domination of colonies are all part of the feudal baggage of an imperial regime. They all represent burdens that fall on common people for the benefit of an ascendant class. They all go by the board with the form of government that holds itself superior to justice. Russia is no longer fighting for territory or the hegemony of the Balkans, but to make the development of her people secure from aggression. We of America are fighting to make liberal civilization secure from aggression. That security will be achieved only when Germany is "free or powerless."

WILL HAVE A WALKOVER.

The Richmond Journal calls attention to the fact that for the first time since he entered public life, Senator Thomas S. Martin will next year have a chance to succeed himself without making any sort of a fight. He has defeated three former governors for the United States Senate and one congressman has been added to his list of political knockouts. Senator Martin has made a record in public life that will last for years. When the "obscure country lawyer" first stepped into the limelight he was measured by many standards, and today he holds the most important position in the United States Senate.

THEN AND NOW.

The following prices prevailed hereabouts fifty years ago: Beef, 15 to 18 cents per pound; mutton, 12 cents; fresh pork and shoat, 14; veal, 18; Irish potatoes, 30 cents a peck; lima beans, three quarts for 25 cents; black-eyed peas, four quarts for 25 cents; snaps, 35 cents per peck; roasting ears, 15 to 20 cents per dozen.

BARBARITY AMAZES TURKS.

College President Says German Brutality Has Astounded Ottomans.

Pasadena, Cal., Sept. 17.—That even the Turks with their reputation for cruelty stand amazed at the mercilessness of German army officers was the word brought here by Dr. Thomas Davison Christie, president of St. Paul's College, Tarsus, Asia Minor, who for forty years was a resident of the Ottoman empire.

Forced to leave Tarsus in 1915 with the civil population when the Turks issued the deportation order against the Armenians, Dr. Christie, 74, a veteran of the civil war, declared that while the Kaiser before the war had as much power in Turkey as he did in Berlin, the Turks were tired of their bargain with the German ruler and would welcome peace.

"You Christians call us cruel" h said a Turkish staff officer told him adding: "Perhaps we are, but we are far less cruel than the Germans teach their own officers and men to be in time of war. We stand amazed at the cruelty, ruthlessness and mercilessness being taught us as war measures by the Germans. They tell us that in time of war we must recognize no such thing as mercy, regardless of circumstances or conditions, and that the greater the cruelty, brutality and ruthlessness we display the quicker will victory perch upon our banners."

"I know whereof I speak," continued Dr. Christie. "The Armenian massacres were encouraged by the Germans, who not only approved of the steps taken by the Turks in this regard, but even went so far as to plan some of the atrocities."

CAR OVERTURNS AND KILLS.

Tire Bursts and Causes Tragedy, Coroner is Investigating.

Wilmington, Del., Sept. 17.—Miss Susan Stillwell, aged 19 years, of Chestnut and Van Buren streets, was instantly killed Thursday night about 12 o'clock, when the automobile in which she was riding with three other young people from this city turned over a short distance above Essington. Leo F. Diamond, a chauffeur, who was driving the machine at the time of the accident was arrested, and is being held by the Darby authorities under $500 bail pending the Coroner's inquest.

Miss Stillwell, accompanied by Miss Bertha N. Cannon, aged 19 years, left here at 9 o'clock Thursday night with Diamond and William T. Lynch. They stopped at Essington, and about 11 o'clock started home. According to Lynch and Miss Cannon, the night was dark and foggy and Diamond had trouble seeing the road ahead of him. The tire on one of the wheels gave way in making a turn at a speed of about 25 miles an hour, and the car turned over. Lynch, who was unhurt, managed to get out, and he helped Diamond from under the wreckage. The two girls were pinned under the machine, and Miss Stillwell was dead when it was lifted from them. Miss Cannon was slightly hurt.

John Wesley Hearn, aged 8 years, was killed by an automobile driven by Frederick W. Card, at Thirteenth and Washington streets, yesterday afternoon. Card, a chauffeur, is 20 years old. He was arrested after the accident.

NEGRO SLASHES WHITE GIRL.

Burly Black Attacks Miss Blanche Rich, of Norfolk, Within Stone's Throw of Her Home.

Norfolk, Va., Sept. 17.—Within a stone's throw of her home last night shortly after 7 o'clock, Miss Blanche Rich, daughter of Mrs. Nora C. Rich, 820 West Twenty-seventh street, was attacked by a burly negro and choked into unconsciousness. When she regained consciousness, the young woman found herself lying in the weeds near the sidewalk and saw her assailant running down Colley Avenue.

On her way home from work the girl met a negro wearing a gray sweater and a slouch hat. His actions frightened her, and she started to run, whereupon the negro stepped in front of her, a long knife gleaming in his hand. No sooner had she screamed than the negro lunged at her with the knife.

The young woman dodged, but the blade slashed the left side of her throat. He dragged her for a short distance into the weeds bordering the sidewalk and she fainted. Although a description of the negro was sent out to the various police stations and a search made for him, no trace of him had been found at a late hour last night.

NEWS NOTES FROM DEL RAY AND ST. ELMO

Del Ray, Sept. 17.—Mrs. J. R. Smith and daughters, Annie and Virginia, returned to their home in Del Ray today after a visit to relatives in Hampton, Va.

Mrs. Rose Casey, of Washington, spent Sunday in the home of Mr. and Mrs. Elmer Tull in Del Ray.

Mrs. Lawrence W. Woody and daughter Lois returned yesterday to their home in Norfolk, Va., after spending the summer in St. Elmo at the home of her sister, Mrs. H. V. Hewitt, on Raymond avenue.

Mrs. George W. Byrne and son, George jr., who have been spending the summer with relatives in New York and Massachusetts returned Saturday to St. Elmo where they are staying in the home of her sister, Mrs. Harvey V. Hewitt.

Two important meetings are to be held in the M. E. Church South at 7:30 tonight, one is a meeting of the official board of the church, and the other will be the 3rd quarterly conference.

A called meeting of the town council is announced for tonight, at the school house.

Robert C. Robinson, of Camp St. Asaph and his wife are housekeeping in the home of Mrs. J. D. Beach, in Del Ray.

The morning service at Del Ray M. E. Church South seemed like a "home coming week" when it was found that in addition to the pastor, Rev. E. F. Fielding, and Rev. E. V. Register of the Alexandria church who preached the sermon, and who has recently been pastor of the Del Ray church, there was also present another former pastor, Rev. E. A. Lambert and his wife, Rev. E. V. Register preached from the text "Who for the joy that was set before him endured the cross, despising the shame." He said that thoughts of reward and retribution had too large a place in service rendered by christians, the whole emphasis of Christs' life and teaching was laid on doing right for rights' sake, and as long as church activity is so much a matter of "pride in the organization" the spiritual tone will below and influence negative, and put stress on serving the Lord and humanity from love, and thus receiving a deep and abiding joy even in the midst of life's defeats. The closing prayer at this service was offered by Rev. E. A. Lambert, pastor at Churchill, Md., Rev. E. V. Register also preached the evening sermon.

BARGES ASHORE

Life Savers Unable to Reach Craft on Virginia Coast.

Norfolk, Va., Sept 17.—The Virginia coast Saturday and yesterday has been in the teeth of the severest northeast storm that has swept the Atlantic coast this season. Two barges are high and dry at Virginia Beach and another is stranded at Cape Henry, beaten by a heavy sea that has prevented life savers from reseuing her crew.

At midnight still another barge was reported in distress a few miles off Virginia Beach. Efforts to launch boats from the life-saving station, however, were fruitless. At 8 o'clock last night the wind was blowing 48 miles an hour at Capt Henry, from the northeast. Later it increased to 52 miles.

Wilmington, N. C., Sept. 17.—Reports from flood territory tonight indicate subsidence of water, revealing greater damage even than was forecase Saturday. Country roads all over the district have been damaged and bridges and culverts washed away. Traffic is suspended.

DYING UNSEEN IN STREET

Eccentric Norfolk Woman Evidently Hit by Auto.

Norfolk, Va., Sept. 17.—Mrs. Annie V. Grubb an elderly Norfolk woman of considerable property, was killed here early Saturday night under mysterious circumstances. Her skull was fractured. She was found across the car tracks in the middle of Plume street within a block of the Postoffice. It is believed she was struck by an auto, as several bundles she had been carrying were scattered about. Nobody, however, has been found who witnessed the accident.

Though people were in stores on both sides of the street and others were passing within five feet of the dying woman, nobody noticed her until a colored man, driving a delivery wagon, saw her when his horse shied. She died as she was being lifted into the police ambulance.

Mrs. Grubb figured in an assault and robbery case about 18 months ago. Although reputed wealthy, she was regarded as decidedly eccentric. She conducted a rooming house in Bank street and herself lived alone in a small room behind the kitchen. A Greek, who had a room in the house, caught her alone in her quarters and, after beating her on the head with an axe, fracturing her skull, robbed her of about $700 in currency and a valuable collection of diamonds.

APPEAL DENIED IN CASE OF BOY

Without Counsel, He Noted no Exception on Which to Base His Claim.

Richmond, Sept. 17.—Aubrey Barrett, the seventeen-year-old negro boy under sentence of death for his participation in the murder of W. T. Roach, a Charlotte County farmer, for which his father has already paid with his life the penalty for his part in the crime, will be executed at the expiration of the thirty-day respite granted him by Governor Stuart, unless executive clemency is obtained, the Virginia Supreme Court of Appeals having refused the petition for a writ of error and supersedeas in his behalf.

In refusing the petition, however, the appellate court directs attention to the fact that the record in the case contains none of the evidence and discloses nothing of what took place at the trial, except that Albert and Aubrey Barrett, father and son, were jointly indicted for the killing. Upon their arraignment they pleaded not guilty and elected to be tried separately. After the conviction of the father, the son withdrew his plea, the record shows, and entered a plea of guilty.

FIFTEEN ARRESTED

Death of William Schaeffer Occurs at New York Resort.

New York, Sept. 17.—Fifteen persons, twelve men and three women, are held by the police in connection with the killing early yesterday of a man said to be William Schaeffer, 22 years old, whose address is said to be in Tenth street, between Washington and West streets.

The shooting took place at an early hour in front of 11 Seaside boulevard, Seaside Park, Staten Island. The slayers then climbed into an automobile and drove away.

Fifteen minutes later an automobile containing the twelve men and three women and answering the description given by witnesses of the killing was stopped at the railroad crossing at Clifton and the occupants detained. As yet the police have been unable to find any motive for the shooting, but it is said to have been the result of a quarrel over a woman at a party that had been in progress all night in one of the halls of the neighborhood.

GERMAN ATTACKS FAIL

British Make Successful Raids on Foe's Lines at Arras.

Activity is noticeable at several points on the west front. In Champagne and in the Verdun region the German crown prince has made ineffectual attacks against the French lines. Northwest of Rheims the French repulsed a strong German attack in the region of Loivre. Northeast of Verdun, on the right bank of the Meuse, the French fire drove back the Germans who essayed an attack north of the Caurieres wood.

British troops in a successful raid into the German lines near Cherisy southeast of Arras, wrecked dugouts and defense. Berlin officially sees in this effort an attack in force and announces its repulse with heavy losses.

In Flanders, Berlin admits the success of a local British attack on the Ypres-Menin road. A German attack against Inverness copse in the same region was repelled by the British, who also checked an attempt to advance north of Langemarck.

FIGHTS TO END OF WAR

Socialist Stirs Audience at Loyalty Mass Meeting.

Philadelphia, Sept. 17.—"We are at war that there shall be no more oppression, no more kings, no more war on this earth. This is our answer to the hiss of the copperhead."

Charles Edward Russell, the noted Socialist and writer, member of the mission to Russia, thus defined the attitude of America's workers toward the war on Germany at a great loyalty mass meeting of Philadelphia labor organizations in Garrick Theater Saturday.

Three great spokesmen of American workingmen addressed this meeting held by the American Alliance for Labor and Democracy; and so aroused the enthusiasm of the 1,000 workers crowded in the theater that they rose en masse in a pledge to push the war to victory.

In addition to Mr. Russell, the speakers were Frank P. Morrison, secretary and treasurer of the American Federation of Labor, and Clarence Darrow, lawyer of Chicago.

VIRGINIA MEN PREPARE

University Base Hospital to Contain Many Experts.

Charlottesville, Va, Sept 17.—Members of the medical and surgical staff of the University of Virginia Base Hospital No. 41, which will be equipped and financed by the Order of Elks at a minimum cost of $60,000—the first appropriation out of the million dollar war relief fund authorized by the Elks' Grand Lodge at its session in Boston last July—have all been commissioned and some have entered upon special training to better fit them for service abroad.

The War Department has given Director Goodwin authority to enlist the 152 men composing the male administrative personnel into the Medical Enlisted Reserve Corps. The recruiting officer is expected to reach the university this week. Many of the administrative personnel are alumni or students of the University of Virginia who eagerly applied for any position to which they might be assigned.

TOABCCO RATION FOR ARMY.

To be Supplied by Government if 75 Per Cent Want it.

Washington, Sept. 17.—The Secretary of War may decide to make tobacco a part of the official ration of the army. He has declared that if 75 per cent of the men in the ranks want tobacco, he will direct that this be included in the ration and that it be supplied and paid for by the Government instead of by the men or their friends.

This assurance has been given to Representative Kicheloe, of Kentucky, who represents a tobacco-growing district. It is of equal interest, however, to Maryland, Virginia, North Carolina and other states which produce great quantities of this product.

Secretary Baker did not indicate how he would proceed in determining if the necessary 75 per cent of his men wish tobacco. He probably will find some means of taking a poll, however.

ITALY'S FORCE SPENT

Signs of Lull in Fighting Due to Conditions Behind Army.

Washington, Sept. 17.—Confidential advices have been received in Washington, it was learned last night which incline the war chiefs of the United States strongly to the belief that the Italian offensive has reached its maximum. Press dispatches from Italy of an apparently inspired nature, which have been printed here within the last few days, are pointed te as preparing the people of this country for such a contingency.

No one questions the gallantry of the actual work done by Cadorna's armies. The brilliancy of the victories they have attained are not in the least minimized. In fact, they are magnified by a revelation of the difficulties under which they were attained, the same difficulties which have now, in the opinion of critics here, worked to end these victories.

The capture of the Bainsizza and Monte San Gabriele were important results, it is pointed out in well informed circles. But it is more than hinted that the Italians are now in no shape to go forward and wrest from Austria the further gains to which the Bainsizza and San Gabriele should be the key.

There was some indication here yesterday that the careful preparation the Italians have made for the announcement that the drive has been stopped lead to the placing of the blame elsewhere than in Italian quarters. It was plainly hinted as a possibility that the United States and England would be blamed by inference for the failure of the drive to reach its great objectives—Trieste and Lubiano—through their failure to supply Italy with coal, steel and Copper.

WILL SUPPORT REPUBLICAN

Joint Democratic Convention to Support Prof. Wright Upon Agreement to Avoid Political Contest.

Harrisonburg, Va., Sept. 17.—The joint Democratic convention for Rockingham County and the city of Harrisonburg Saturday nominated Dr. C. H. Rolston for er-election to the House of Delegates, and voted, forty-four to fifteen, to support Professor Frank J. Wright, Republican for the second seat, if Republicans will agree to the non-partisan plan and avoid political contest, because of war conditions. Resolutions strongly indorsing the administration's present war policies were adopted.

The Democratic county and city committees were reorganized with the election of members for the next four years.

Dr. Rolston, who has represented Rockingham County and the city of Harrisonburg in the House of six years, was nominated for his fourth term without opposition.

The Republicans several weeks ago nominated Professor Frank J. Wright for re-election, and named H. B. C. Gentry as their other candidate. Mr. Gentry, however, withdrew from the race.

Roanoke, Va., Sept. 17.—While hunting yesterday, a colored boy found the body of George Tuck, of Merrimac, who became crazed over being drafted for the army and wandered from his home. The body was found in a clump of bushes sev- was due to exposure and thirst, several miles from Merrimac. Death eral biscuits being found in Tuck's pockets. Tuck, who was a married man, and had a family, was examined for the army and later exempted.

NEWS OF THE DAY

A few days after the fall of Riga, when Russia was in the throes of the crisis brought about by the loss of that port and the Korniloff revolt, Premier Kerensky took a few hours "off" to get married. The bride is Mlle. Timmet, an actress of the Alexandre Theatre. This is Kerensky's second matrimonial venture.

President Wilson returned to Washington yesterday evening by train. He left the Mayflower in New York. The President was reported to have been anxious to make the return trip aboard the Mayflower, despite the submarine rumor, but urgent business required his presence here early in the morning and he decided not to risk the delays of a trip up the often foggy Potomac last night.

Smith Strader, of Union district, in Clarksburg, W. Va., has two hearts, each beating independently of the other. This was the discovery of Dr. Mansell Hoff, who examined Strader for the national draft army. Strader says that he has never been inconvenienced by his two hearts.

After a series of efforts to provide a committee on war expenditures to work with the administration, House Republicans have abandoned the plan. Whether it will be taken up again minority leaders refuse to say.

The Argentine government has withdrawn permission granted to a German wireless commpany to attempt to receive wireless messages from the German station at Nauen. Target practice by an American patrol boat led to the report that a "submarine was shelling a ship off Nantucket," according to indications contained in Navy Department dispatches yesterday.

The War Department has found use for the conscientious objectors caught in the draft. They will be the army's gravediggers. They will be attached to the armies in the field, but will take no part in the actual fighting.

Twenty-four thousand members of the San Francisco Iron Trades Council, employed mainly on government shipbuilding contracts, it was announced last night, will strike today for an increase in wages. The men demand a minimum wage of $6 a day, an advance of 50 per cent.

A submarine attack on an American steamship, one of the largest liners in transatlantic service, was reported by several of the 100 passengers, which included United States army officers, on the vessel's arrival at an Atlantic port. The mechanism of a torpedo fired by a U-boat went wrong just before the missile seemed about to hit the ship. The torpedo leaped into the air, was deflected from it scourse and passed to the stern of the steamship. The attack took place two days after the liner had left a European port.

Claire Hunt, son of P. L. Hunt, the wealthy operator, died yesterday in the hospital at Washington, Pa., from suffering undergone for three days while he was sick and alone in his father's mansion, unable to secure help. His father and mother went away Tuesday, dismissing the servants temporarily, and leaving young Hunt to sleep in the house. Tuesday night he became ill and unable to leave his bed, and without food or water, lay until late Friday night before he was able to crawl to a window and attract a neighbor's attention.

Travelers from Berlin state that Germany is preparing to follow the Russian lead in organizing regiments of women, who will be available later to send to the front if necessary. The achievements of the Russian women's battalion have been widely advertised in Germany, and favorably commented upon. Several steps for similar moves by Germany are being discussed in Berlin, and the organization of several trial regiments, at first as a species of home reserves, is expected shortly.

Wage increases averaging 10 per cent have been awarded navy yard workers by the government investigating committee, it was announced yesterday. They become effective as soon as the new payrolls can be made up.

Former Collector of Customs William F. Stone, for nearly a generation the Republican leader in Baltimore city, died between 6 and 7 o'clock early yesterday morning at St. Joseph's Hospital after an illness of 10 days. Uraemic poisoning was the cause of death.

RUSSIA A REPUBLIC NOW.

Provisional Government Formally Proclaims Its Administration Form.

Petrograd, Sept. 17.—Russia has been proclaimed a republic. The Provisional Government Saturday night issued the proclamation, dated September 14.

The proclamation follows:

"General Korniloff's rebellion has been quelled. But great is the confusion caused thereby, and again great is the danger threatening the fate of the Fatherland and its freedom.

"Holding it necessary to put an end to the external indefiniteness of the state's organization, remembering the unanimous and raptious approval of the republican idea expressed at the Moscow state conference, the Provisional Government declares that the constitutional organization, according to which the Russian state is ruled, is a republican organization, and it hereby proclaims the Russian republic.

The Provisional Government announced that all affairs of State had been entrusted to five members of the cabinet.

Elections to the Assembly now are fixed for November 12 and the members are to convene November 28 (Russian calendar.)

Two Foxhunters Killed, Twp Others Wounded in West Virginia.

Fairmont, W. Va., Sept. 17.—As the result of a feud existing for some time between farmers and fox hunters of the vicinity of Rivesville and Lowesville, a double tragedy occurred early yesterday morning near Rivesville when fox hunters were fired upon by unknown persons and two were killed and two injured.

The dead are Harvey Hayhurst, aged 24 years, and Fernando Thorn, aged 40 years, both of Lowesville.

The injured are Charles Musgrove, slightly wounded in shoulder, and James Hayhurst, brother of Harvey, who escaped in the darkness with slight wounds.

Officers have been scouring the country for the men who did the shooting and arrests are expected today. The trail leads to a well known farmer's house.

Good Printing Pays Best

AS schools and colleges are frequently judged by their catalogs and printed matter, we desire to call your attention to our facilities for fine printing. If the difference between a well printed catalog and a shoddy looking one influences only a few people, it more than pays for the difference in cost. That it will so influence, there is no question. We would like to take the matter up with you when arranging for Annuals, Catalogs, or other high-grade work, whether school or commercial.
